**TELL US YOUR PANDEMIC SILVER LINING:**

We're stoked that you're gonna give this cabin-fever fighting, social-distancing friendly, scavenger hunt a whirl. It is our hope that it provides you with a few hours of escapism from the craziness of our new reality.

Inspired by Crayola crayons, you hold in your hands a list of 64 clues which will lead you to 64 distinct locations in \*Bay View. After you solve the clue, seek out that location. There you will find a prominently displayed crayon. It may be on a door, in the window, maybe free standing or at your feet, but it will be there in plain sight. The name of the color printed on the crayon goes in your answer box next to the clue.

When you conclude this quest, take your completed answer sheet and mail it to, or slip it under the door, at Rush Mor Records. Don't forget to fill out the form. Everyone who finishes gets a prize, and one of them is a grand one.

Like our shop, this dog walking friendly challenge is for kids of all ages. It is designed to get you out of your house, off your phone, away from the TV and off the internet. It is experiential, and some of it relies on walking around and simply being observant. Please don't share answers, or rely on the internet as your first course of action or give away the locations by posting them on social media. The America we love succeeds on cunning and hard work, not laziness or cheating. If you're REALLY stuck, call me for a hint at 414.828.2453. We WOULD love to see you enjoying yourselves though, so tag us at #bvadventureclub, #rushmorrecords

This game will remain active until Gov. Evers issues the all clear, so take your time and enjoy all the beauty Bay View has to offer.

WE BEG OF YOU, please, at all times, be observant of the current recommended guidelines of the CDC for prevention of and protection from the Covid19 virus.

Can't wait til we can invite you all back into our shop. . . Love, the Guys. And Wolfy. And Kate.

\* Bay View in this instance, is defined by these borders:  
North: KK River, South: Holt Ave, East: Lake Michigan, West: Chase Avenue

Special thanks to Mike Sherwood, Tim Creed, Andy & Lisa Pilarski & Nicole La Brie
